WARN GEN II TRANS4MER® MOUNTING SYSTEM

The new Gen II Trans4mer lets you add more options and more versatility to your vehicle. The winch carrier is now engineered to bolt directly to a vehicle's frame, making it easier than ever to mount a winch to a vehicle—including the all-new 2010 Dodge Ram Heavy Duty. So, whether you simply need a sturdy place to mount your WARN winch, or you want the top-of-the line system with accessories, such as headlamp guards, grille guard, light bar, and front receiver, the WARN Gen II Trans4mer system is more accessible, durable, and versatile than ever before. Applications available in stainless steel or black finishes.

WARN PROVANTAGE PLOW SYSTEM

The WARN ProVantage ATV and Side x Side plow systems have been designed from the ground up to be the most versatile, durable, and high-performance powersports plow systems on the market. They're easy to connect, heavy-duty, and engineered to perform. And with a variety of useful, innovative accessories, they're the most complete plow system money can buy. Features include:

- A variety of heavy-duty plow blades in sizes from 50" to 72"
- High lift height
- Rapid-connect, front-mount system for easy attachment—no crawling under the vehicle
- Plow mount does not interfere with ground clearance
- A variety of accessories to help you get the job done efficiently

WARN BRANDED APPAREL

Looking for the latest in WARN apparel and accessories? Look no further than our all-new WARN Branded Gear Web site: www.warn.com. Our easy-to-use online shop is open 24 hours a day and is being continuously updated so you can get the newest, toughest WARN gear you want.

The Gen II Trans4mer System can be configured in a variety of ways. It can be as simple as a place to mount a winch (left) or highly customized with the array of optional accessories (right).

NEW OFF-ROAD LIGHTS FROM WARN INDUSTRIES: ENGINEERED TO DELIVER OUTSTANDING VALUE AND BEST-IN-CLASS PERFORMANCE

Warn Industries has been offering off-road lights for years, and these new high-performance additions to the lighting lineup continue that tradition. All of the lights feature an innovative wireless control switch, which means no need to run wires into the cabin, and no need to drill through the firewall. Whether you want a fog light or driving light, halogen or HID, our new lights offer outstanding off-road performance and solid value, from a name you trust.

W700D-HID DRIVING LIGHTS

At 7" (17.8 cm) in diameter, these HID lights deliver outstanding range and spread, and will blaze a trail of intense white light through the darkest off-road terrain. The Xenon HID bulb is 300% brighter—and lasts 10 times longer—than 55W halogens. Features include tempered clear glass lenses, vaporized aluminum over die-cast aluminum reflectors for outstanding light output, and impact- and corrosion-resistant polymer cases for great weather resistance. The integrated ballast and wireless control switch allow for a straightforward installation. **PN 82405**

Kit contains two lights, mounting hardware, wireless control, transmitter, wiring, rock guards and covers

W400D-HID DRIVING LIGHTS

These 4" (10.2 cm) diameter HID lights have the extra light output, beam spread and reach you need to drive off-road with confidence. They're 300% brighter than a 55W halogen lights, have lower amp draw and last 10 times longer. Features include durable tempered clear glass lenses, sturdy vaporized aluminum over die-cast aluminum reflectors for maximum light output, and sealed corrosion-resistant polymer outer cases for weather resistance. A self-contained ballast and a wireless control switch mean installation is easy. **PN 82400**

Kit contains two lights, mounting hardware, wireless control, transmitter, wiring, rock guards and covers

W650D DRIVING LIGHTS

These big 6.5" (16.5 cm) halogen lights deliver outstanding performance, great value, and are ideal for increased visibility on the trail. Features include 55W H3 halogen bulbs, hardened clear glass lenses, vaporized aluminum over steel reflectors for maximum output, steel cases with a powder-coated finish for great weather resistance, and a thin profile for increased mounting options. These lights also come with a wireless control switch for simple installation. **PN 82420**

Kit contains two lights, mounting hardware, wireless control, transmitter, wiring, rock guards and covers

W650F FOG BEAMS

Designed to light the way through foggy, rainy, dusty, or snowy conditions, these fog beams feature large 6.5" (16.5 cm) diameter lenses and broad 70-degree beam spread. The hardened clear glass lenses have a dichroic coating, for a low-glare yellow light. Features include 55W H3 halogen bulbs, vaporized aluminum over steel reflectors for great light output, thin-profile powder-coated steel cases for excellent water resistance, and a wireless control switch for hassle-free installation. **PN 82425**

Kit contains two light s, mounting hardware, wireless control, transmitter, wiring, rock guards and covers

W350F FOG BEAMS

At 3.5" (8.9 cm) in diameter, these lights are the optimal medium-sized fog lights. The 55W H3 halogen bulb and 66-degree bar-shaped light beam deliver great low-visibility performance. Features include hardened clear glass lenses; vaporized aluminum over steel compound curve reflectors for maximum light output; and impact-resistant polymer cases with O-ring seals for excellent water resistance. These lights also have a wireless control switch, so there's need to run wires through the firewall. **PN 82410**

Kit contains two lights, mounting hardware, wireless control, transmitter, wiring, rock guards and covers

W2030F FOG BEAMS

These compact 2" x 3" (5.1 cm x 7.6 cm), 55W halogen lights provide 66-degree bar-shaped beams of light, perfect for use in fog, rain, dust, or snow. Features include impact-resistant hardened blue glass lenses; durable vaporized aluminum over die-cast aluminum compound curve reflectors for maximum light output; and lightweight, corrosion-resistant aluminum cases. The new wireless control switch allows for easy installation without having to drill through the firewall. **PN 82415**

Kit contains two lights, mounting hardware, wireless control, transmitter, wiring, rock guards and covers

Note: WARN lights are recommended for off-road use only
